GOZO REAL ESTATE

## Description

Located in a quiet part of the village, this old converted village property will delight those who like thick walls, cool interiors and traditional features such as mangers, beams and arched rooms.

A wide elegant hallway leads to a large lounge, formerly a mill room, with billiard table and fire-place, and a separate kitchen/ dining room. French doors open onto the courtyard and split level patio where there is a barbecue, open air shower and a further shower room and large swimming pool.

Stairs from the courtyard lead to the first floor where you find the main bedroom with double four - poster bed and fire-place, and two further twin bedrooms, one with ensuite bathroom. A further twin bedroom and shower room is approached by a steep wooden stair case, but is only suitable for children as the ceiling is very low..
