GOZO REAL ESTATE

Description

€1,300,000

This delightful old farmhouse has been skilfully converted to create light-filled rooms while retaining the character of the original house. It offers many unique features including kileb, shorok, mangers, traditional maltese patterned tiles, an underground rock-cut mill room, internal well, and double height living spaces.

One enters a wide and spacious arched hallway with multiple openings onto four rooms, and also a well, complete with a traditional stone horza (well head).

The first room with traditional arches is used as a snug, but could be used as a small bedroom, TV room or an office. This in turn leads into a spacious dining room and kitchen, with doorways leading back out to the hallway and the large lounge, creating a nice flow.

Further along the main corridor there is a traditional stone staircase,
