GOZO REAL ESTATE

Description

€375,000

Originally part of an early 20c townhouse featuring high, ornate ceilings and carved columns in the spacious entrance hall. Throughout this 3-4 bedroom house there are traditional Maltese patterned floor tiles and period features such as stained glass windows. This property has large, well proportioned rooms and is situated close to Xaghra Square.

Recently modernised and sympathetically restored, the ground floor accommodation consists of a large reception room on the left of the entrance hall. With stained glass shuttered windows this is currently used as a fourth bedroom. There is a modern fitted kitchen, a separate shower room with WC, a small courtyard and a second double bedroom to the rear of the house.

A cantilever staircase leads to a light and bright mezzanine living room with air conditioning and at the top of the stairs there is a spacious single bedroom with a shuttered stained glass window and a very large master
